## Dec. 18th E-NEWS

This is my last newsletter for 2014 and I'd like to take this opportunity to wish you all a Merry Christmas and all the best for the New Year ahead. We appreciate each one of you and thank you for your support - we couldn't do what we do without you!

We're on the home stretch!! **Next Wednesday, December 24<sup>th</sup>, we'll be closing at Noon for our annual winter break.** As much as I love what we do, I am more than ready for it! But because we're closed until mid-March, we're often asked what customers can do if 1. they need to return something 2. they need to purchase something we carry or 3. they have a gift card that they'd like to use. Being closed doesn't mean that we're not available - *most of the time*. We do try to get away from time to time to rest, relax and recharge for the year ahead but we'll be home for sure between Christmas and New Year. Call us (250 832 4574) or email ([hannamarket@shaw.ca](mailto:hannamarket@shaw.ca)) and we'll get back to you as soon as we can to set up a time to get together.

With this being the last week we're open for 2014, the discounts we've been putting on women's fashions and all the other items listed in the **FEATURED THIS WEEK** section (next page) will continue but *now of ALL Christmas décor and Christmas novelties are 40% off. This includes the fresh greenery* (not the Christmas trees, though) so if you're a bit late getting your home decorated this year, it's your lucky week!

Our granddaughter's Christmas Concert is this evening in Kelowna which means I don't have much time to get this newsletter written and sent out. With that in mind, I received a newsletter from Horticulture magazine yesterday that I've decided to share with you. Who hasn't killed a houseplant by overwatering??? There's something about winter (when we have more time and really, really, really NEED our 'green fixes') that we tend to kill our plants with kindness - usually by overwatering. This link will take you to a short article about which plants do well with overwatering and what 'first aid' measure you can take if you do happen to overwater a plant.

The next link will take you to a tip on what to do with your houseplants if you're planning on taking a trip and won't be home to water.

If you haven't put up your Christmas tree yet, we have many lovely freshly-cut Douglas fir trees on hand from Jespersen's Solvang Tree Farm.
